WORK EXPERIENCE

Full-Stack Web Developer October 2021 - Present
Povio inc. *Maribor, Slovenia*

- Led the frontend development for multiple client projects, specializing in React, Svelte and Next.js.
- Helped improve cloud deployment processes, estimated and architected solutions for new projects, solved problems on projects to get them back on track, and improved internal frontend processes.
- Conducted individual meetings with frontend engineers, collaborated with other departments to address team challenges, and played a role in pushing forward technical issues while also organizing team meetings.
- Effectively communicated with clients, simplifying technical aspects and working independently.

Full-Stack Web Developer October 2017 - Present
U-centrix *Maribor, Slovenia*

- Led the development of multiple full-stack projects with various technologies in a start-up environment.
- Successfully led the development of a React Native mobile app for a large project, showcasing independence and effective team communication.
- Provided technical leadership by offering guidance, mentoring, and hands-on assistance in full-stack development, contributing to multiple projects.
- Worked as a project manager, balancing 4 projects, communicating with the clients, delegating tasks, architecting solutions and writing code.
- Streamlined deployment processes, reducing time and costs, and devised custom DevOps solutions tailored to the company's specific needs.

ASP.NET Developer June 2017 - October 2017
Faculty of Electrical Engineering and Computer Science, University of Maribor *Maribor, Slovenia*

- Took ownership of developing a full-stack web application in ASP.NET, JS, CSS, and HTML for record, article, and book tracking, optimizing team productivity and saving client time through application design.

LEADERSHIP AND ACTIVITIES

- Presented at OTS 2023, 2022 conferences (Maribor, Slovenia)
- Designed and led a comprehensive Frontend Academy at Povio Inc., including curriculum development, lectures, student mentoring, and internship oversight, while collaborating with recruitment and marketing to boost the academy's exposure, resulting in successful new team member hires.

EDUCATION

Master of Computer Science, University of Maribor *Expected 2023*

Bachelor of Computer Science, University of Maribor *2015 - 2019*
